## ATI Remote Wonder Installation Instructions

Control TV, DVD, and video features of your ALL-IN-WONDER® family product. The Remote Wonder unit replaces all the functionality of a mouse in software applications.

### To install your Remote Wonder unit

- 1 Open the battery container on the back of the remote control, and insert 4, AAA batteries.
- 2 Install your ATI Multimedia Center software, then restart your computer.
- 3 Plug the remote receiver into any available USB port on your computer. Your computer will detect the receiver, and will install the driver.
- 4 When the driver has been installed, restart your computer. The ATI Remote Wonder icon will appear on the Windows taskbar.

The following table lists all the Remote Wonder functions.

Button	Feature					
	TV	DVD	Video CD	File Player	CD Audio	Windows
	The thumbpad controls cursor movement in all modes.
