System Requirements

Hardware	• Intel® Pentium® 4 or equivalent with USB port. • CD-ROM drive (for installation software).
Operating System	• Windows® XP (Home or Pro).

Install your REMOTE WONDER™ PLUS

1 Open the battery container on the back of the REMOTE WONDER™ PLUS, and then insert two AAA batteries.

2 Insert the included *ATI Installation CD* into your CD-ROM drive.

3 Click the REMOTE WONDER™ icon on the ATI CD Install screen. Follow the on-screen instructions, and then allow the computer to restart.

4 Plug the remote receiver into any available USB port on your computer. The REMOTE WONDER™ PLUS icon will appear on the Windows taskbar.

The REMOTE WONDER™ PLUS range depends upon the environment. For best results, the receiver should be placed as far as possible from the computer's case and monitor.

Product Registration

To receive Customer Service you must register your product with ATI within 30 days of purchase. An Online Product Warranty Registration form is available at:
